

SECTION 12

CONSTRUCTION - NOTIFICATIONS AND PERMITTING

12.0 NOTIFICATIONS TO THE SBMWD BY THE DEVELOPER/CONTRACTOR

- One (1) working day advance notice for all inspections (inspection types include: Main and lateral, service, potholing, disinfection, any and all testing).
- Two (2) working days advance notice for all hot tapping activity.
- Five (5) working days advance notice for filing a discharge permit (Waste Discharge Notification Form, aka De Minimus Discharge Facsimile). The SBMWD files the discharge permit.

12.1 PERMITTING REQUIRED OF THE DEVELOPER

- Underground Service Alert (USA) ticket.
- Street Cut (City or County).
- Discharge (see above).
- Building (The SBMWD is not directly affected by nor does it issue this permit. However, the permit is dependent upon the payment of Sewer Capacity Fees).

12.2 SUBMITTALS REQUIRED

- Shop drawings of all materials to be used for review and approval by SBMWD according to SBMWD Standard Specifications and Drawings for Construction of Domestic Water Systems, latest Edition.

Please note that a specific project may require a specific notification, permit, and/or submittal that are not listed above. The developer/contractor submits many more notifications, permits, and/or submittals to other agencies that the SBMWD is not directly interested in or directly affected by. The granting of permits by agencies other than the SBMWD may be dependent upon the project's location and the time of the year.
